

Checklist 1. Setting up learning outcomes

1. Is this learning outcome public and observable?

YES NOT

If not, choose a different verb and repeat the question

2. Are you able to understand when will the learning outcome be fulfilled?

YES NOT

2.1. Will the student be able to understand what to do in order to show having fulfilled his Learning outcomes?

YES NOT

If this question causes confusion, chose a different verb and repeat the question

3. Can you identify a proof/evidence of the achievement of this learning outcome?

YES NOT

If you are not able to make a reliable inference, choose a different verb and repeat the question.

4. Can you identify behaviors and attitudes, to be associated with someone who has achieved this learning outcome?

YES NOT

If these aspects are not evident in the learning outcome, choose a different verb and repeat the question.
